**Applications available at [www.jjchorseranch.com](http://www.jjchorseranch.com). Submit Applications or call at least 1 week before desired Camp Date**

*"...this is a master species in it's own right.  
It calls to us to partner with him at an  
emotional and intuitive level BEYOND the reach  
of our ego and the lies we tell ourselves to feed  
it. He seeks to guide us to join him in his  
world, BEYOND language, and BEYOND the  
constraints of our own species evolution."*
